1. Parents/Guardians of the marriage candidate will fill in a simple application form providing us with basic details of the candidate and details of their requirements.
2. This information will remain strictly private and confidential with the rest of our data.
3. Once the initial introduction of parents has been facilitated, RAS will not engage in further discussion or stages of this issue. Instead it will allow the parents to find out more about each other and take the matter further if and as they wish to do so.
